

## AL-KO ESC Technical Bulletin

### REDARC TowPro Brake Controller Compatibility

#### For REDARC TowPro Brake Controllers produced from August 2014 onwards

The REDARC TowPro (part number EBRH-ACC) has been tested and approved as compatible for use with AL-KO ESC **only if the Redarc TowPro Controller was produced in August 2014 and later.**

#### For REDARC TowPro Brake Controllers produced PRIOR to August 2014

TowPro units (EBRH-ACC) produced prior to August 2014 were tested and deemed to be **NOT APPROVED** for use with AL-KO ESC.

The first 4 digits of their serial number indicate the production date and can be found on the brake controller.

and the packaging box
