

SMOOTH AND STEADY AS YOU GO. ANYWHERE

The AL-KO Independent Rubber Suspension (IRS) system provides comfort and stability over any surface, from the bitumen to the bush as well as the beach.

Featuring a unique hexagonal rubber suspension system, the self-dampening characteristics let you take on all terrain without sacrificing road-holding or vehicle towing and handling. With a load capacity of up to 2,500kg per axle, it is no wonder the AL-KO IRS system has been an Australian favourite for over 20 years, and over 10 million AL-KO IRS axles are now on the road world wide.

Don't compromise on safety or ride quality, choose AL-KO IRS Axles for your caravan and trailer and know you can ride easy - wherever you go.

Find out more from AL-KO International on 1800 035 603 or visit www.alko.com.au
